Holiday Inn Express on Auburn Boulevard

**New Hotel
Will Service
Sacramento Area**

Hearn Construction will complete a new Holiday Inn Express for owners Nihal, LLC on Auburn Boulevard in Sacramento. The hotel is conveniently situated near major free-ways and within easy reach of downtown. This location, which offers the affordable amenities favored by travelers, features contemporary urban finishes. The large, two-story common area is designed by Architect Iyer and Associates to be comfortable on a grand scale. The tall, open space is separated from the reception area by glass walls, lending a quiet, library-like atmosphere without compromising the feeling of openness. The common areas feature a fireplace, configurable meeting rooms, and pool with decorative surfaced decking. Spacious guest rooms include high speed internet connection and flat screen TVs.

Dave Dosker, Project Executive for Hearn Construction, says "Hearn Construction is excited to be at the forefront of IHG's rebranding process with the completion of this new hotel."

Jay Guarin, Project Manager, predicts that her team will complete the project in late Spring 2009. Justin Adams, the Superintendent, and Nancy Veerkamp, Senior Project Administrator, are assisting her with the timely completion.
